

Property & Casualty

Beyond Insurance

BEYOND MANUFACTURING RISK

Savvy manufacturers know that having the right business insurance is crucial to a successful product. From protecting property and equipment to insuring goods in transit and keeping you current on product liability issues, Diversified Insurance Services will keep your production on target with solutions to guard against accidents or unplanned interruptions, always helping you to reduce overall risk—and your premium costs.

Our professionals are knowledgeable in their specific industries, and our in-house risk management professionals unite extensive insurance and industry experience. In customizing a program for your operation we leave no detail unattended to, including:

- Off-premises power failure protection to for computer systems
- Reimbursement for goods damaged by loss
- Worldwide warehouse-to-warehouse transportation coverage
- Comprehensive risk management and loss prevention programs

Beyond Options

A sound business insurance program is only as solid as the insurance company it is placed with. Our longstanding relationships with top-rated insurers assure you of a variety of property and casualty solutions designed for manufacturers.
