

Wal-Mart/Target Generic Rx

As you may have heard, both Wal-Mart and Target have brought the \$4 Generic Drug Program to Wisconsin.

Included in this notice are listings, from both Wal-Mart and from Target, of generic drugs that are eligible for this program. You can obtain these listings on either the Wal-Mart website, www.walmart.com, or on the Target website, www.target.com. Please note that both Wal-Mart and Target may change this listing at any time.

Due to WI state marketing regulations, there are certain medications/dosages that may not be able to be offered at the \$4 price level. Instead, such medications would be charged at the \$9 price level. You should contact your local Wal-Mart / Target to determine the price for your specific medication.

Should you have any questions, please contact your client service team at **(262) 574-0440** / Toll-free **800-644-0477**.
